

80,000 PLASTIC CONTAINERS

**Will be removed from the waste stream
thanks to our new to-go containers.**

**Lesley is pleased to present this new
sustainability initiative.**

HOW IT WORKS

- Purchase a reusable to-go container for a one-time fee of \$5
- Fill up your container with your meal and save the container for the next time you visit **Washburn Hall.**
- Upon your next visit, you will swap your used container for a clean container at the register

To-go containers can be purchased using Dining Dollars, CashLynx, Credit or Debit Card and Cash. You can only receive a new container by handing in the old one or a voucher coupon. Your to-go container is microwave safe. If you lose your container, you will need to purchase another. You have the option of returning your container for the voucher coupon.
